times. Rep from * around. Join w/slst to top of Ch3. Work the next rounds exactly the same increasing the section (3dc in next Ch1 sp, Ch1 ___ times.) by one for each round you add on. You can make your granny square as big as you want by adding RNDs

You can also use a different color yarn for each RND of a square for a dazzling effect.

Changing Colors:

To change colors at beginning of each **rnd** fasten off after **slst** to top of **Ch3**. Leave yarn about 5" long and after square is complete, weave ends into work. Tie on new color in **Ch 2 lp** and proceed onto the next **rnd** in pattern. For Finishing each square, After **slst** into the top of **Ch 3**, fasten off and either weave both ends into work or weave just the starting end into the work and leave the finishing end long to sew the squares together. It depends on what type of effect you want as to what you should do.

Finishing:

Block crochet square, lightly steam. Fold fabric 1inch around, press.

Pin fabric to crocheted

hem as show on remaining two sides. this will be the top part of the envelope that will be seen when open.

fold three points as shown and stitch together. Crochet flower and attach to top point of envelope. Sew a snap for closure.

Flower Multi Colored Rows

Starting with the middle color, make a magic ring. I like the tutorial on Planet June if you don't know how to do this!

Round 1: Ch4 (counts as **1 dc, 1ch**), ***dc** into magic circle, **Ch 1**, repeat from * 5 more times, join into 3rd chain of the initial chain 4 with a slip stitch

* 5 more times, join into 3rd chain of the initial chain 4 with a slip stitch (7 chain spaces).colour for the petals break yarn and join into the first chain space (so that you can crochet over the ends in the next round for less weaving in of ends!)

Round 2: Ch1, *sc, 3dc, sc into chain space, repeat from * 6 more times (7 petals made), join with a slip stich into first **sc**.

Round 3 is worked behind the petals just made to make chain spaces for the next round of petals. **Round 3: Ch1**, **sc** into the **sc** stem of the last and first **sc** of **round 2**, ***ch 3, sc** into next pair of **sc** stems, repeat from *around and finish with a **ch3** and join to the first **sc** with a slip stitch (**7Ch** spaces behind petals made).Sew crocheted flower to the outside top of envelope . Attach snap closure to inside of top and body of envelope.
