Stick Woven Scarf & Satchel
Designed by Gabby Marquez

materials for scarf:

Weaving sticks thick (8441)
Lion Brand Yarn
Homespun Thick & Quick
(Super Bulky Weight, 160yds
(2 skeins)
includes warp.

materials for satchel:

Weaving sticks thick (8441)
Lion Brand Yarn
Homespun Thick & Quick
(2 skeins-160 yards)
includes warp

1/4 yard of coordinating
fabric for lining.
Clovers D-Ring 3/4" item
No. 9531

scarf

STEP 1

Use six weaving sticks. Cut 6 lengths of yarn each 98". Thread each weaving stick with the yarn doubling it by pulling cord to its center. This is the warp.

Note:

Hold the weaving sticks in your hand like a fan and you are ready to start weaving.

STEP 2

Follow the Thick Weaving Sticks package instructions for weaving with 3 or more weaving sticks.

STEP 3

Weave on 6 sticks with yarn until you reach 56" in length.

Slide yarn off of sticks onto the warp. Remove sticks. Start closing the ends by knotting two strands of warp at a time to secure the ends of your scarf. Add fringe with yarn.

satchel

STEP 1

Use six sticks. Cut 6 lengths of yarn each 70". Thread each weaving stick with the yarn doubling it by pulling yarn to its center. This is the warp.

Cut 6 lengths of yarn each 70". Thread each weaving stick with the yarn doubling it by pulling yarn to its center. This is the warp.

STEP 2

Follow package instructions for weaving with 3 or more weaving sticks. Weave with 6 sticks with yarn until you reach 30" in length. Remove from the sticks and set panel aside.

Repeat steps 1-2 to create two additional panels.

create the strap

STEP 1

Cut 3 lengths of yarn each 92". Thread each weaving stick with the yarn doubling it by pulling yarn to its center.

STEP 2

Follow package instructions for weaving with 3 or more sticks. Weave with 3 sticks until you have 46" in length. Remove from sticks and set aside.

assembly

1. Lay the three panels together side by side.

Use darning needle and yarn to sew the panel edges together.

Fold bottom half up 12" and sew sides together. The flap of the bag should be 6"

tips on creating the lining

2. Make the lining a bit larger than the bag. It should not pull on the bag if weighted down. Use an 8" x 24" piece of fabric for lining the bag.

Make the lining about 1/2" taller than necessary to accomodate a generous seam allowance at the top of the bag.

LINING

WOVEN BAG

Use Clover's Locking Stitch Markers to mark where you will sew the lining.

Adjacent woven stitch

3. **Remember:**

Cut a length of thread 4 times the circumferenc of the bags opening that you will sew.

one woven stitch

Use one of Clover's sewing needles and put the needle up through one woven stitch and down through the adjacent woven stitch as pictured. This will ensure a consistent line of stitches above the lining attachment point. Repeat, process until the lining is firmly in place.

Attaching D-Rings to Strap

Begin by sewing on a thick fabric strip that is 2" in length onto the side of the satchel using a sewing needle. Then fold one inch of the strip through the D-Ring and sew into the strip that is already sewn onto the side of the satchel.

Lastly, take 1" of the woven part of the strap and pull it through the D-Ring and fold over the curve of the D-Ring and take your darning needle with yarn to sew this folded woven strap together. Now you have a hip woven satchel and scarf. Show it off!

Stick Woven Animal Print
Scarf & Headband
Designed by Alicia Carr

materials for scarf:

Weaving sticks thick (8441)

Lion Brand Yarn

Homestown USA Yarn

Color A Super Bulky weight
(81yds, 2 skeins)

this includes warp.

Color B Premiere Cuddle
Fleece Yarn (Bulky Weight
(110yds) 1 skein Earthen)

materials for

headband:

Weaving sticks thick (8441)

Premiere Yarn Cuddle

Fleece includes warp

(110yd, Bulky Weight)

Color: Earthen (1 skein)

Elastic cord for warp (7 yds)

scarf

STEP 1

Cut 6 lengths of yarn each 160". Weave on each stick with the yarn doubling it by pulling the yarn to its center. This is the warp.

Note:

Hold the weaving sticks in your hand like a fan and you are ready to start weaving.

STEP 2

Follow package instructions for weaving with 3 or more weaving sticks.

STEP 3

Weave with color B using two strands together for approx. 14". Tie off color B and start weaving with color A for 52".

Tie off color A and start weaving with color B for approx. 14"

STEP 4

Remove from sticks. Add fringe with yarn.

1. Fold 6" yarn strands and draw through edge of scarf, using your weaving stick.

2. Bring ends through loop and tighten.

headband

STEP 1

Cut 3 lengths of elastic cord each 80". Thread each weaving stick with the elastic cording doubling it by pulling cord to its center. This is the warp.

STEP 2

Follow package instructions for weaving with 3 or more weaving sticks. Weave on 3 sticks with yarn for approx. 16".

STEP 3

Remove sticks and tie elastic cords together to create the headband.

assembly

You can weave as dense or as loose as you want but remember because of the stretching you will not want the elastic to show.

Optional Embellishment:
Crochet a flower using
Amour Crochet Hooks
and coordinating yarn.

We used
Lion Brands
Eyelash yarn
"Silky White"

Stick Woven Beanie
Scarf & Headband
Designed by Veronica Phillips

materials for beanie:

Finished Size:
21" circumference

Art No. 8441 Weaving Sticks
(Thick)

Premiere Yarn Cuddle Fleece
includes warp (110yd, Bulky
Weight)

Color: Earthen (2 skeins)

beanie

STEP 1

Use 6 Thick Weaving Sticks

Cut 6 lengths of yarn each 30". Thread each weaving stick with the yarn doubling it by pulling yarn to its center. This is the warp. Follow package instructions for weaving with 3 or more weaving sticks.

STEP 2

Weave on 6 sticks with yarn for approx. 6".

STEP 3

Decrease stitching by weaving on only the four inner weaving sticks for 10 rows.

STEP 4

Decrease stitching by weaving on only the two middle weaving sticks for 10 rows. Remove from sticks and set this panel aside.

STEP 5

Repeat steps 1-4 to create 5 panels total (**Refer to diagram1**) These panels need to be sewn together. Tie knots on the bottom warp threads and cut ends. Leave warp tails at top of beanie and add additional fringe to top of beanie with yarn and darning needle.

You can have some fringes longer than others, stylize it to make it your own.

diagram of decrease stitching

Use a darning needle and cut a yarn strand that is three times the circumference of your hat. Begin doing an over stitch at the bottom of your hat. Now your ready to show-off your work!

Diagram 1

Remember Panels need to be sewn together.

Stick Woven bag and
Skateboard Sling
Designed by Alicia Carr

materials for messenger bag:

Art No. 8440 Weaving Sticks
(Fine)

1/2" wide Fabric Strips in
Camoflauge (approx. 3 yds.)

1/2" wide Fabric Strips in
Faux Suede (approx. 2 yds.)

•Satin cord for warp
(approx. 33 yds)

Use 6 Fine Weaving Sticks

materials for skateboard sling:

Weaving sticks Fine (8440)

1/2" Wide Fabric Strips in
Camouflage 1/2 yard

1/2" Wide Fabric Strips in
Faux Suede 1/2 yard

Faux Leather Cord for
warp (approx. 17 yards)

Use 6 Fine Weaving Sticks

messenger bag

STEP 1 front panels

Cut 6 lengths of satin cord each 30". Thread each weaving stick with the satin cord doubling it by pulling yarn to its center. This is the warp. Follow package instructions for weaving with 3 or more weaving sticks.

STEP 2

Weave on 6 sticks with 1/2" wide fabric strips until you reach 12" in length. Remove from the sticks and set panel aside.

STEP 3

Repeat steps 1-2 to create four additional panels.

STEP 1 back panel: fold over to create flap

Cut 6 lengths of satin cord each 60". Thread each weaving stick with the satin cord doubling it by pulling yarn to its center. This is the warp. Follow package instructions for weaving with 3 or more weaving sticks.

STEP 2

Weave on 6 sticks with 1/2" wide fabric strips until you reach 21" in length. Remove from the sticks and set panel aside.

STEP 3

Repeat steps 1-2 to create four additional panels.

STEP 1 creating the strap

Use 6 sticks. Cut 6 lengths of satin cord each 200". Thread each weaving stick with the satin cord doubling it by pulling cord to its center. This is the warp. Follow package instructions for weaving with 3 or more weaving sticks.

STEP 2

Weave on 6 sticks for approx. 2". Weave on 3 left sticks for 15 rows. Tie a new strand of faux suede to weave on the 3 right sticks for 15 rows.

STEP 3

Continue to weave on all 6 sticks for approx. 70". Then, Weave on 3 left sticks for 15 rows. Tie a new strand of faux suede to weave on the 3 right sticks for 15 rows.

Remove from sticks and set aside.

assembly

Lay front panel pieces together side by side

Use needle and thread to sew panel edges together set aside. Lay back panel pieces together side by side.

Use needle and thread to sew panels edges together set aside Sew strap to front and back panels. See images below.

Lay back panel pieces together side by side. Use needle and thread to sew panel edges together (same as front panel)
Set aside. Sew strap to front and back panels.

Once panels are sewn into mid section of strap, sew unfinished end of strap inside the opening created on other end of strap to complete the bag.

Note:

Straps must have space left at the ends so that you can weave them together.

Strap is also the bottom of bag. You must sew strap to the sides of the bag as well.

Skateboard Strap

STEP 1

Use 6 Fine Weaving Sticks. Cut 6 lengths of faux leather cord each 98". Thread each weaving stick with the cord doubling it by pulling cord to its center.

This is the warp. Follow package instructions for weaving with 3 or more weaving sticks.

Start by weaving on all 6 sticks with 1/2" wide strips of faux suede for approx. 4".

STEP 2

To weave opening- Weave on 3 sticks for approx. 6". Tie a new strand of faux suede at the bottom of the weaving sticks. Weave on the other 3 sticks for approx 6". Take both strands of faux suede and weave for approx 1". Remove from sticks.

Leather strap, remember to make space for the skateboards wheels

Camouflage

STEP 3

Start weaving on all 6 sticks with the 1/2" fabric strips of camouflage for approx. 37".

Repeat step 2 in reverse to create opening on other end of sling. Remove from sticks and admire your work.

What you'll need:

- Core yarn, weaving yarn (wool yarn, cotton yarn and fabric strips, etc.) and scissors
- Depending on the woven piece, the core yarns and weaving yarns can be the same material.

Getting started

- Cut the same number of core yarns as the number of weaving needles you will use.
- Core yarn length: twice the length of the finished piece + 11-3/4" (30 cm)
- Example..... For a 7-7/8" (20 cm) finished piece: 7-7/8" x 2 + 11-3/4" = 27-1/2" (20 cm x 2 + 30 cm = 70 cm)

Basic Weaving Instructions

Although these instructions only show 2 needles, the same process applies for 3 or more needles as well. See instructions for "Weaving with 3 or more needles" for details.

Two-color weaving
