

ABOUT

Eleganza™ is a gorgeous 8wt, 2-ply 100% long staple Egyptian cotton thread that is double-gassed and mercerized, resulting in a wonderfully smooth and lustrous surface that allows the thread to glide beautifully through all types of fabrics and fibres while also being low on lint. The thread's tight twist creates firm stitches while its surface sheen produces a luxurious finish to embellishment stitchery.

The WonderFil colour line offers Eleganza™ in 5g and 10g balls in 100 solid colours. The Sue Spargo colour line offers Eleganza™ in 8wt on 64m (70yd) spools, 5wt on 37m (47yd) spools, and 3wt on 27m (30yd) spools. Available in 36 solid colours and 54 variegated colours.
